To whom it may concern,

This letter is my personal recommendation for Ahmad AIBloush. I have been Bloush's PhD supervisor for the past 3 years in UMT. As a student, I found him to be consistently pleasant, polite and dedicated. He has high motivation in completing his study and completed within 2 and half years. He has achieved significant achievement for Viva result which he received minor correction for his thesis and he did his correction within one month.

I strongly believe that Bloush has a good management skills and discipline in completing assigned projects as he acquires analytical thoughts and good research skills. He is extremely dedicated to accomplish any project or task given, with a strong sense of responsibility. He demonstrates high publishing skills with 5 articles have been produced from his thesis and have been either presented in international conferences or even accepted to be published in SCOPUS journals. He works extraordinarily well and competent to be a good researcher and academician.

I also found him to be helpful and kind to other PhD colleagues and my postgraduate students where he would share his knowledge and experience with the others. He is also actively participate in any postgraduate gatherings, conference presentations and workshops. He has demonstrated leadership skills within his peers by organizing events such as Global Ambassador programme and Malacca Trip (Malaysia) for UMT international students.

I am more than happy to provide more information to strengthen Bloush's candidacy for your institution or organization. Please feel free to contact me at 09-668 4157 or email at azlinzuraini@umt.edu.my.
