

CURRICULUM VITAE

Mohammed Azmi Al-Betar,

Associate Professor

Head of Artificial Intelligence Research Center (AIRC)

Coordinator of Master of Artificial Intelligence (MSAI) Program

Faculty Member at Information Technology Department

College of Engineering and Information Technology

Ajman University, Ajman, UAE

Email: m.albetar@ajman.ac.ae

Short bibliography

Dr. Mohammed Azmi Al-Betar has received his PhD in Artificial Intelligence, 2010 from University of Science Malaysia. He was also haired as a postdoctoral research fellow in the same university for 3 years and invited as a visiting researcher two times. He is currently the Head of Artificial Intelligence Research Center (AIRC) and full time faculty member in the Master of Artificial Intelligence (MSAI) program at Ajman University since 2020. He is also the MSAI coordinator at Ajman University. He is also the Head of the Evolutionary Computation Research Group (ECRG) which publish more than 180 scientific publications in high quality and well-reputed journals and conferences. Therefore, Dr. Al-Betar ranked in Stanford study of the world's top 2% of scientists. Dr. Al-Betar has 15+ year teaching experience in the higher education institutions. He has taught several courses in the Computer science and Artificial Intelligence fields. Prior to join Ajman University, Dr. Al-Betar served as the Deputy Dean of the Academic Affair, Deputy Dean of Scientific Research for Quality Assurance and Development , and the Head of Information Technology Department at Al-Balqa Applied University, Jordan. In addition to his research, teaching and administrative capabilities, Dr. Al-Betar has special strength in developing the web-based applications which build more than 12 academic web systems related to research, quality assurance, e-learning, and postgraduate sections.

Personal Particulars

- My main specialist is in Artificial Intelligence, Machine Learning, Data Sciences, Data Mining, Big data, Machine Learning, Deep Learning, Robotics, Evolutionary computing, Game Theory, Modelling.
- I have a strong experience in timetabling, optimization, combinatorial optimization problem, and metaheuristic methods such as genetic algorithm, harmony search, artificial bee colony, ant colony optimization, etc.
- I have introduced new metaheuristic methods such as β -hill climbing optimizer and Coronavirus herd immunity optimizer
- I have Strong experience in technical writing, mathematical modelling, articles and lectures presentations, teaching.
- I have a strong capabilities of using research tools such as latex on Winedit, MikTeX, Matlab, Python Photoshop, open office, etc.
- I am a distinguished web application developers using PHP, MYSQL, JavaScript, JQUERY, CSS, HTML5 web programming languages under Laravel, CodeIgniter and its own framework.
- I have an excellent communication and organization skills.
- I can effectively solve the problem with ability to handle multiple tasks simultaneously.
- I have the proper experience in leading academic and research positions since I was the deputy dean of scientific research, deputy dean of academic affair.
- I am the leader of machine learning research group at University Sains Malaysia.
- I have supervised 16 PhD students (past and present) and many master students.

Qualifications

- **Ph.D.**, School of computer Sciences, UNIVERSITY SAINS MALAYSIA, June 2007 until Oct. 2010.
 1. Thesis Topic: *Adapting and Hybridising Harmony Search with Metaheuristic Components for University Course Timetabling*
 2. Adviser: **Prof. Ahmad Tajudin Khader**
 3. Area of Study: Optimization, Timetabling, Artificial Intelligence
- **M.Sc.**, Computer Science Department, YARMOUK UNIVERSITY, Nov. 2001 (till Sept. 2003) Program: Mixed Mode (Courses and Final Project)
 1. Thesis Topic: *A Genetic-base Algorithm for solving the University Course timetabling*
 2. Adviser: Associate Professor Dr. **Mohammad Hamdan**
 3. Area of Study: Timetabling, Optimization
 4. Grade: 81.7 Very Good
- **B.Sc.**, Computer Science Department, YARMOUK UNIVERSITY, Nov. 1997 (till Sept. 2001).

Work Experience

1. **Associate Professor at Ajman University, U.A.E. From 23/08/2020 until NOW.** I am the Coordinator for Master of Artificial Intelligence Program and a Head of Artificial intelligence Research Center at Ajman University. I thought a Master Degree Level Courses such as Data mining, Advanced AI, Machine Learning, and Evolutionary Computations.

2. **Deputy Dean of Academic Affair:** Deputy Dean of Academic Affair (DDAA) , Al-Huson University College, Al-Balqa' Applied University, Irbid, Jordan. From 15/09/2019 until now. Al-Huson University College is an engineering branch at al-Balqa applied university containing 8000 students distributed over 12 bachelor program, 1 Master program, and 14 3-years diploma programs. I was responsible for academic staff, lecturing, academic issues in the collage, the research applications and the promotion applications of the academic staffs. Research management, and internal and external projects. Also, the master student proposals and thesis.
3. **Assistant Dean of Scientific Research:** Deanship of Scientific Research (DSR) at Al-Balqa' Applied University (46000 student and 1800 faculty members) , Al-Salt, Jordan. From 15/09/2018 until 15/09/2019. I have the responsibility of managing and controlling the conference support systems, sabbatical system, research management, and internal and external projects.
4. **Associate professor:** Department of Information Technology, Al-Huson University College, Al-Balqa Applied University, P.O. Box 50, Al-Huson, Irbid, Jordan, 15-Sept. 2017 Until Now.
 - The work is just initiated. Four courses will be taught as follows:
 - Artificial Intelligence
 - Expert Systems
 - Software Engineering
 - Special Topics
 - Neural Network and Genetic Algorithms
5. **Assistance professor:** Department of Information Technology, Al-Huson University College, Al-Balqa Applied University, P.O. Box 50, Al-Huson, Irbid, Jordan, 15-Sept. 2013 Until 15/09/2017.
 - The work is just initiated. Four courses will be taught as follows:
 - Artificial Intelligence
 - Expert Systems
 - Software Engineering
 - Special Topics
 - Neural Network and Genetic Algorithms
 - Programming languages (C++)
 - Final year project.
 - Computer Skill 2 (Visual Basic)
6. **Assistance professor:** JADARA UNIVERSITY, Computer Science Department, Information Science College, Irbid, Jordan, 11-Sept. 2012 until 10/09/2013.
 - The work is just initiated. Four courses will be taught as follows:
 - Operating system
 - Programming languages (C++)
 - System Analysis and Design.
 - Final year project.
 - Computer Skills

7. **Visiting Researcher:** UNIVERSITI SAINS MALAYSIA (University of Science, Malaysia), School of Computer Sciences, Penang, Malaysia, 15-June-2012 to 15-September-2012.
- Conducted a research titled “Enhancing Hajj Performance: Novel Crowd management system and Reduction of Related Health Problem” with a project subtitle “Enhancing modeling of Pilgrims during Hajj”.
 - Presented a workshop about Optimization research the first one titled “**A Modern Optimization Method: Harmony Search**”, 9-August-2012. 10:00 am—12:00 am.
 - Attend a workshop titled “INVITATION TO STRATEGIC MAPPING WORKSHOP OF HAJJ LRGS RESEARCH”, Date: August 4, 2012 (Saturday), Time: 9.30 am - 8.00 pm, Venue: The Hydro Hotel, Penang. I am a Co-Researcher in this research grant.
 - Attend the computer science postgraduate colloquium 2012 titled “Smart Research”, Date: July 16-17, 2012 , Venue: DK A, DK B, DK C. I did some evaluation for some posters.
8. **Assistance professor:** ALZYTOUNAH UNIVERSITY OF JORDAN, Department of Computer Science, Science and Information Technology Faculty, Amman, Jordan (27-November-2010 until 11-September-2012)
- Developed and prepared lectures, graded assignments, projects, and exams for the following undergraduate courses:
 1. Data analysis and design
 2. Discrete mathematics
 3. Object oriented analysis and design
 4. Artificial Intelligence
 5. System Programming
 6. Operation Research
 7. Computer Skills
9. **Post Doctoral Research Fellow:** UNIVERSITI SAINS MALAYSIA (University of Science, Malaysia), School of Computer Sciences, Penang, Malaysia, 15-June-2011 to 15-June-2012.
- During the postdoctoral appointments, the following activities have been established:
 - Conducted and Published a number of high impact factored journals, international conferences, and book chapters in a well-reputed publishers like IEEE, Elsevier, Springer, Taylor& Francis, Inderscience, IGI Global, and ACM (as shown in publication section)
 - Official Co-supervised Ph.D and master students.
10. **Lecturer:** JERASH PRIVATE UNIVERSITY, Department of Computer Science, Science and agriculture college, Jerash, Jordan,(1st October, 2003 until 1st October 2007). during which I taught the following courses:
1. Introduction to Computer Skills
 2. Introduction to Compiler Construction
 3. Computer Architecture
 4. Visual Basic Programming
 5. Data Communication and Computer Network
 6. C++ programming (initial and advanced level)
 7. Software Engineering
 8. System Software: an introduction to system programming
 9. Introduction to Internet

10. Data structure
 11. Computer Algorithm
 11. **Teacher:** UNITED NATIONS RELIEF AND WORKS AGENCY(UNRWA) 2002 to 2003
 12. **Teacher:** MINISTRY OF EDUCATION, Jordan 2001 to 2002.

Research Interests

Artificial Intelligence, Machine learning, Data Science, Data Mining, Big Data, Smart City, Deep Learning, Robotics, Crowded Simulation, Operation Research Problems, Scheduling and Timetabling, Optimization Algorithms, Combinatorial Problems , Game theory, Discrete mathematics, Modeling and design, Web Accessibility .

Web Applications Development Systems

1. Promotion system at Al-Balqa Applied University (BAU). I have participated in developing the promotion system (prom.bau.edu.jo)

2. E-learning management system at Al-Balqa Applied University. I build up this system during COVID-19 stage to track the lecturing and examinations activities of 1600 staff members.
3. Research portal at Al-Balqa Applied University. (dsr.bau.edu.jo)
4. Scholar Gate at Al-Balqa Applied University. (scholar.bau.edu.jo)
5. Conference application system at Al-Balqa Applied University(prom.bau.edu.jo).
6. Sabbatical application system at Al-Balqa Applied University (prom.bau.edu.jo).
7. Internal project support system at Al-Balqa Applied University (prom.bau.edu.jo).
8. University Course Timetabling System at University Sains Malaysia
9. University Examination Timetabling system at University Sains Malaysia
10. Distance Education Timetabling system at University Sains Malaysia

Awards

- Top 2% scholar in the world according to Stanford University, USA
- Al-Balqa Applied University, Highly cited researcher, 2018
- University Sains Malaysia, High Impact Publications. Award Malaysia, in 2014,2013,2012,2011,2010
- Full PhD Fellowship for 3 years, Malaysia.
- University Sains Malaysia, Best Thesis award, 2010

National and International Projects

- **CO-Researcher in “Enhancing Hajj Performance: Novel Crowd management system and Reduction of Related Health Problem” with a project subtitle “Enhancing modeling of Pilgrims during Hajj”. Funded by Malaysian Ministry of Higher Education. (2012), 9000,000 Ringgit.**
- **Principle Investigator of project title " A TRIZ-Inspired Bat Algorithm for Gene Selection in Cancer Classification" Funded by Deanship of scientific research (DSR) at Al-Balqa Applied University. 5000 JOD.**

Editorship and Refereeing Activities

1. I am a Reviewer in **Information Science Journal** under Elsevier Publisher.
2. I am a Reviewer in **Europe Journal of Operation Research Journal** under Elsevier Publisher.
3. I am a Reviewer in **Applied Soft Computing Journal** under Elsevier Publisher.
4. I am a Reviewer in **Applied Mathematics and Computation Journal** under Elsevier Publisher.
5. I am a Reviewer in **Advances in Engineering Software Journal** under Elsevier Publisher.
6. I am a Reviewer in **Indian Journal of Science and Technology Journal**.
7. I am a Reviewer in **International Journal of Digital Content Technology and its Applications (JDCTA)** published by AICIT (Advanced Institute of Convergence Information Technology). And many more...

Skills and Achievements

1. LATEX using Win-edit
2. Matlap
3. Open Office
4. Microsoft Office
5. linux (Red hat)and windows Operating System
6. Visual Basic 6 and .net
7. Visual C++
8. Micromedia Flash 5
9. All third Generation languages Like Basic, Pascal, Fortran,C++, Prolog etc.
10. Oracle 8i
11. HTML,php,sql, css, jquery, etc.
12. Front Page
13. SPSS 16,17,18
14. Mini-Lap
- 15.GSview 4.4
16. Java
17. C#
- 18.python

Languages

1. **Arabic** : Mother Language.
2. **English** : Excellent command writing, reading and speaking.
3. **Bahasa Malayu** : good command writing, reading and speaking.
